SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Please, the following corrections must be effected to improve the quality of the manuscript: 1) In the Pdf file, the highlighted texts with yellow colour are to be corrected appropriately. Each of the highlighted texts are accompanied with "pop-up messages" of what to be corrected. Place the cursor on the highlighted text and see the required; 2) The manuscript is not prepared in the same font size! Please, use the journal's required font size all through. 3) Label the Streamlines and Isotherms appropriately, i.e. the axes; 4) Follow the guidelines of the journal and correct all that's needed to be corrected, especially the citing and listing of the references must be consistent with the requirements of the journal!	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The manuscript would be of good quality if only the necessary corrections are effected, and the needful of journal are carried out!
