

**SDI Review Form 1.6**

Journal Name:	<a href="#">Physical Science International Journal</a>
Manuscript Number:	Ms_PSIJ_38354
Title of the Manuscript:	Coal-fired Power Plants and their impact on Ecosystems Health
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	none	
<b>Minor</b> REVISION comments	Line 206: ..plants showed <del>pee</del> poor performance...	
<b>Optional/General</b> comments	It is a brief summary of known impacts of coal-fired power plants on health and the environment as whole, and description of greenhouse experiment which demonstrated their impacts on the health of immediate ecosystems, and a useful to consider in the search for their mitigations including where to locate coal-fired power plants in view minimizing their impacts on animal and plant habitats.
