

SDI Review Form 1.6

Journal Name:	Physical Science International Journal
Manuscript Number:	Ms_PSIJ_39806
Title of the Manuscript:	Morphometric studies of pebbles from Ewen area, Calabar Flank, Southeastern Nigeria: implications for paleoenvironmental reconstruction
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Good work	Thank you
<u>Minor</u> REVISION comments	I am not so comfortable with this " implications for paleoenvironmental reconstruction ". Personal opinion: applications sounds better	I agree to make adjustments to the title; however, it will just be to add that the morphometric features being studied are for pebble-sized particles.
<u>Optional/General</u> comments	The work is a good one, well written	Many thanks for your comments
