PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	The content of the paper is good. The assumptions and explanations considered here for the proposed model is good. This proposed work is really good and gives more scope to expand the more research in this area.	I also believe that this toy model has the potential to help expanding the research in this area.
