Manuscript Number:	<b>Ms_PSIJ_36631</b>
Title of the Manuscript:	<b>Analysis of the pollution level and its Variation: A Case Study of some selected sites within Kano State Nigeria</b>

**PART 2:**

<b>FINAL EVALUATOR'S comments on revised paper (if any)</b>	<b>Authors' response to final evaluator's comments</b>
Minor corrections were made by the authors.  Questions made in methodology were not corrected and the article misses discussion of results, appearing to be only an observation report in the field. Added to this, study time was only three months, insufficient to draw robust conclusions.
