Manuscript Number:	Ms_PSIJ_37789
Title of the Manuscript:	Dynamics of low energy gamma rays near ground level during July to September 2017, in São José dos Campos, SP, Br
Type of the Article	

## General guideline for Peer Review process:

This journal's peer review policy states that <u>NO</u> manuscript should be rejected only on the basis of '<u>lack of Novelty'</u>, provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline)

# PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed highlight that part in the manu his/her feedback here)
Compulsory REVISION comments	Some corrections have been suggested that will assist in bringing out and communicating the findings of the work. As it is now, some of the statements are not clearly understood. The Conclusion and Abstract should be re-written.	
	Comments presented on the last page.	
Minor REVISION comments	Some minor suggestions have been made and submitted.	
Optional/General comments	An interesting and good study, but it seems the authors had a difficulty effectively communicating their findings due to language barrier. An expert in the English language could be asked for assistance to improve on the writing.	

## **Reviewer Details:**

Name:	Samuel Sonko Sackey
Department, University & Country	Department of Physics, University of Cape Coast, Ghana

Brazil.

ed with reviewer, correct the manuscript and nuscript. It is mandatory that authors should write
