

SDI Review Form 1.6

Journal Name:	<u>Physical Science International Journal</u>
Manuscript Number:	Ms_PSIJ_41782
Title of the Manuscript:	Seasonal Variations of Ionospheric Scintillations and Total Electron Content over a Terrestrial Point within Magnetic Anomaly Region
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	I have only two comments/suggestions to the authors: 1. The drawings could be numbered in one and the same system (Figure A, Figure 1...??). Figure A signature missing. 2. References should be arranged. The reference list contains sources that are not referenced (Grooves, 2009b; Rideout, Coster, 2006; Van Direndonck, 2005) and references that are not listed (IHY-Africa Report, 2007; Rabiou, 2004). There is also an unclear reference to Klobuchar, 1996, which source is meant to refer (vol 163 or vol 164).	
<u>Optional/General</u> comments
