General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none"> 1) Introduction is too short, and only few references at the end. Author is advised to write Introduction in more detail with more references. 2) References are not in the same format – this needs to be corrected. (Some references in one format and other references in a different format. This must be uniform). 	
Minor REVISION comments	<ol style="list-style-type: none"> 1) Conclusions may also indicate future scope of work and applications. 	
Optional/General comments	Paper is well-written and results are good.
