

Editor's comments:

Article needs some modifications....

1. Needs to be adding the parasitic ova figure.
2. Modifications are required in the discussion part relation to the importance

It is good article and after carrying out the corrections it can be published.

Author's feedback:

1. Parasitic ova figure has been added as suggested by the reviewer in line 173 to 178
2. Modification has been added in the discussion part in relation to the importance as suggested by the reviewer in line 291 to 293 of the manuscript.
