

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_43638
Title of the Manuscript:	Optimization of Environmental Conditions for remediation of contaminated water with oil using Placket-Burman Model
New Title:	Optimization of Environmental Conditions for remediation of contaminated water with oil using Plackett-Burman Model
Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>There is no methodology for spore suspension preparation, is it equally distributed?</p> <p>In recent day morphological identification is not sufficient for identification if possible then go for molecular identification</p> <p>Author's are not mention the from where the isolate is collected and which methodology is use</p> <p>Which type of soft ware is used for the PB design was not mention</p> <p>Microscopic image of Fungus was not incorporated</p> <p>Incubation period was not mention that is very important parameter it incorporated in PB design</p> <p>Authors are not discuss physiology of fungi for the degradation of Oil.</p> <p>What is effect of optimize variable on the Physiology of fungi and correlate it with degradation of oil</p> <p>Rewrite the conclusion</p>
