

SDI Review Form 1.6

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_44021
Title of the Manuscript:	Isolation, Identification and Production of Biobutanol by Different Clostridium species Isolated from Soil Using Waste Paper and Sugar Cane Molasses.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Line 16: put a comma after capacity Line 32: change they to there Line 256: made up of lignin, not made up lignin Line 257: made up of bioethanol, not made up bioethanol Line 265: use for instead of to Line 266: put a comma after species. Use the phrase removal of biobutanol on same line.	
Minor REVISION comments	The manuscript was a good one. Biobutanol happens to be the expected product but no specific analysis was carried out to ensure the product obtained was biobutanol.	
Optional/General comments	Generally, the paper was a good one. Well written with detailed and segmented experimentation. One would have expected detailed and segmented discussion of results.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
