

Editor's Comment:

Thank you very much for sending me the revised manuscript to giving a decision. My final decision about this article which numbered 2018/SAJSSE/41091 is to accept belong the reviewer's advice. First reviewer advice to accept as it is and next one proposed a revision for the manuscript. The changes which are requested by the reviewer are accomplished by the author(s) and reflected by the revision. Therefore, my final decision is accepting the article and sending the manuscript to the final production through the final publication. I hope in a short time we will have the online system to follow the necessary steps.

Thank you very much again and I would be most grateful to hear from you.
