**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	Thank you for choice as a reviewer of this article. The manuscript contains interesting data on <b>Antibacterial Potentiality and Brine Shrimp Lethality Bioassay of the Leaves Extract of Trema orientalis</b> . However, some issues have to be addressed before the work can be published: 1- The paper needs language corrections before being published. The manuscript seems sloppy with multiple typos, misspellings and grammatical error. 2- Please add company and country names of all used materials, media, kits, antibiotics and so.	
<b>Minor</b> REVISION comments	References should be checked out for journal text rules. Several references should be added newest one (2018).	
<b>Optional/General</b> comments	I think the paper is the result of a valuable piece of scientific research. It can be publish after minor revisions.
